

Straight to the top!

Welcome to 1946 East Vista Drive, your practical executive home in the exclusive Lookout Mountainside community

You bearded the lions a long time ago. Slayed the dragon. Wooed the princess. You set a course and sailed, you followed your sword into battle, you blazed a trail where no one before you had ever gone. You barged your way into the workplace a long time ago, fully confident that there was a world there to be won. This home is that world, both the reward for your efforts and a symbol of your success. You have quite literally shot straight to the top – in all those hours and weeks and years when you were too busy working to notice. What have you been working for, really, if it's not the style of life a home like this confers upon you? This is a trophy of your success. Home and hearth, kith and kin – a fitting place for an intimate family dinner or a stately dinner party. A home small enough to envelope and blanket you, large enough to entertain all your guests, regal enough to speak in silent awe of your enterprise, your thoughtfulness and your understated good taste.

Our homes are structures, shelters, domiciles. But the idea of a residence encompasses so much more than mere tentage – mere respite from heat and cold and wind and rain and the relentless summer sun. If all we needed was a place to escape the elements, we might just as well live in insulated barns.

Your perch on Lookout Mountain affords you breathtaking views

But your home – your residence – is much more than that. It's love and marriage and family, of course, home and hearth, kith and kin. But at a more fundamental level it is a *reflection* of who you are, an enduring stake stuck into the earth that declares to all: *This is who we are, this is what we believe in and stand for and cherish.*

The roomy kitchen is the heart of this home...

This is not *where* we live, not *how* we live. This structure, this shelter, this domicile – this home – *is* our lives, as much an essential part of what we are as our heads, our hands, our hearts.

Luxurious details abound throughout the home...

This is an eminently livable home, but it's also perfect for entertaining. The common spaces are vast and open, and the pool and patio could host dozens of guests. This is Lookout Mountain at its best – a resort-like redoubt against the hurly-burly of modern life. And yet you're right in the heart of everything, with the 51 and 101 freeways just a short hop away. Scottsdale and Downtown Phoenix are both easy commutes, and you're just 15 minutes away from the airport...
